

# Market Intelligence Briefing

Do you currently see the job market

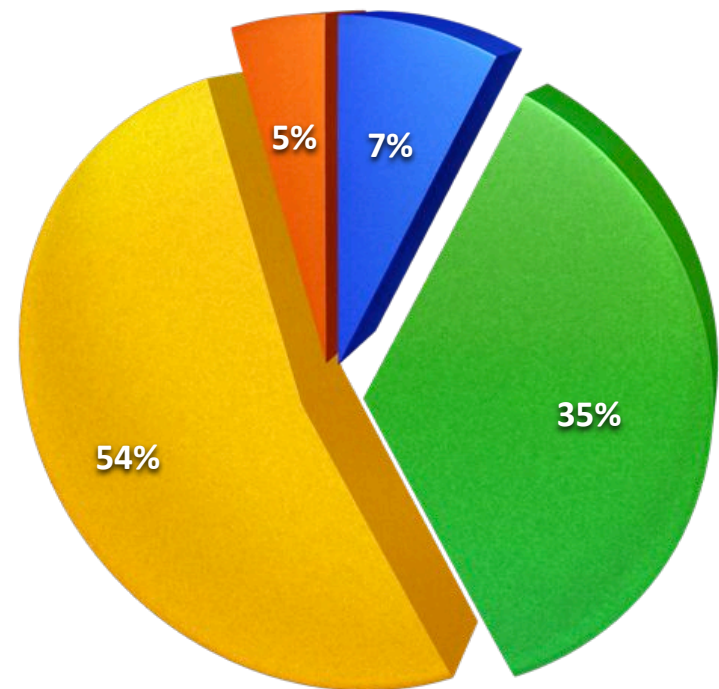

- declining for at least one year
- declining over the next 3 months
- declining over the next 6 months
- improving in at least one year
- improving in the next 3 months
- improving in the next 6 months
- remaining the same for some period

How many CV's do you send out per week

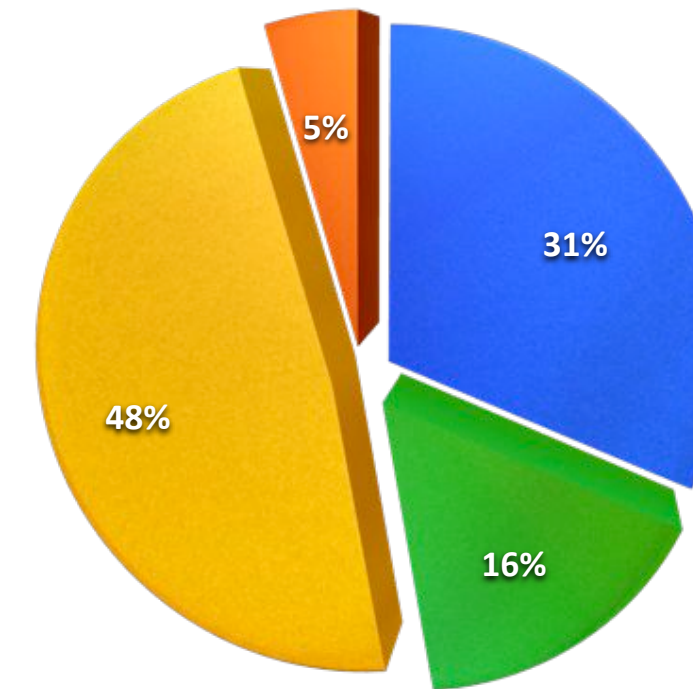

- <5 CV's per week
- 11-14 CV's per week
- 15-19 CV's per week
- >20 CV's per week

Where are you looking for work?

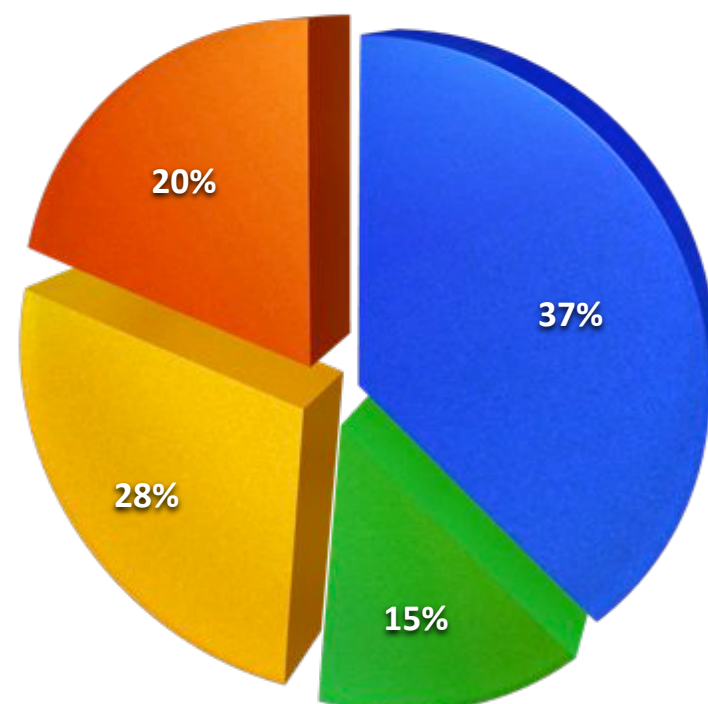

- I am currently employed and not looking
- I am open to wherever I can find a great job
- Only in Switzerland
- Only in the EU

Classify the general quality of how you interview today?

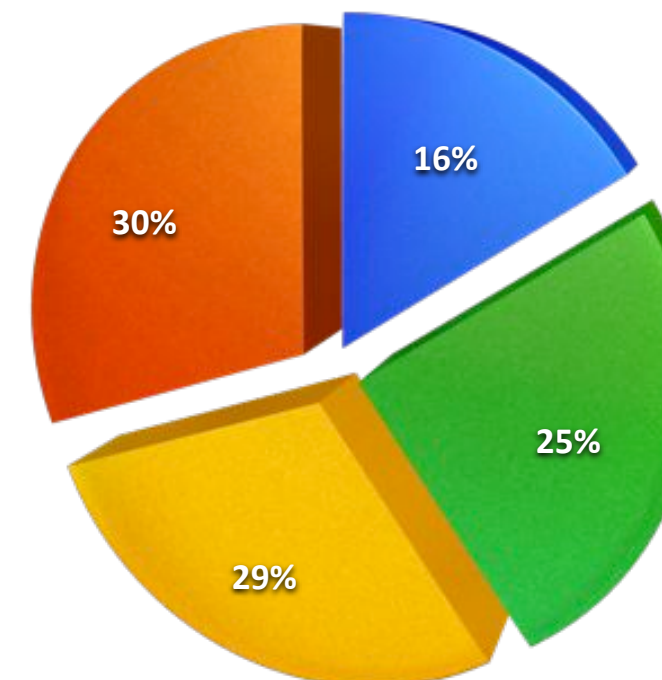

- Average - there are areas that could be improved in terms of delivery and presentation
- Excellent - I communicate and convey my skills and experience with ease
- Good- my interviewing skills are generally quite good
- Poor- I consistently find myself unable to effectively express myself in an interview

How valuable would you see a video CV to get an interview

- I would find this somewhat useful
- I would find this very useful
- I would not find this useful
- it would not be influential one way or the other

Is the current job market accurately being portrayed in the media?

- No, it is far worse than being depicted in the media
- No, it is not at all so bad as being depicted in the media
- Yes, about right
- Yes, but perhaps a bit dramatized
